

We've got no
food to eat.

We're going to
starve out here in
the wilderness.

I wish we were
back in Egypt.

Me too. In Egypt
we had plenty of
food.

We had lots of
meat and all the
bread we wanted.

Now we have
nothing.

We're so
hungry.

It would have been
better if God had
just let us die in
Egypt.

We're really
thirsty.

We've nothing
at all to drink.

There's
nowhere to find
water out here.

You're our leader.

What are you going to
do?

We have to get
water soon or
we'll die.

Why did you
bring us out of
Egypt anyway?

At least we had
what we needed
there.

Now we're
going to die of
thirst out here.
